#### **Seven ways to protect the environment**

We all want to protect our planet, but we're mostly too busy or too lazy to put up big change that would improve our lifestyle and save the environment.

These are 7 simple habits to implement in your everyday life which will make a difference. There is nothing new here but if you follow at least some of these tips, you can be proud of yourself participating in the protection of the environment.

1. **Use compact fluorescent light bulbs:**  
It is true that these bulbs are more expensive, but they last much longer and they can save energy and in the long run your electricity bill would be reduced.
2. **Donate:**  
You have tons of clothes or things you want to get rid of. If they are still usable, give them to someone who needs them. You may also choose to give them to associations. These associations may sell them and collect a little money. Not only will you protect the environment, but you will also contribute to a good cause.
3. **Turn off your devices:**  
When you do not use a house device, turn it off. For example, if you don't watch TV, turn it off. Turn off the light when you leave a room (even if you intend to return.) It's an easy habit to take up which will help you save a lot of money.
4. **Walk or cycle:**  
Driving is one of the biggest causes of pollution. If you want to use your car, ask yourself the following question: do I really need my car? Walk or use your bike if the journey is a short one.
5. **Detergent:**  
Follow the recommended dose of detergent to wash your clothes or dishes.
6. **leaky faucets:**  
Watch leaky faucets, which can cause a significant increase in the the water bill. An average of 120 liters of water can be wasted due to a dripping faucet.
7. **Rainwater:**  
Think of recovering rainwater. This water can be used for different purposes.

This list is far from being exhaustive but in addition to saving the environment, all these tips will help you save money.

Lee el texto Two Hotels y luego responde en inglés las preguntas sobre la lectura

### Two Hotels

**Angela:** I've found these two hotel brochures. Let's look at them closely for our holiday. The first one is Alba Hotel. It's a nice small hotel near the city center. The second one is Conrad hotel by the seaside.

**Mike:** Let's compare them, then.

**Angela:** Alba is a boutique hotel and don't have many facilities. It's cheaper than Conrad hotel.

**Mike:** Yes, you're right. Besides, it's lovelier than Conrad hotel. Look at

this lovely restaurant.

**Angela:** On the other hand, Conrad hotel is a five star hotel and it has everything. There is even a hairdresser in it. I think it is more relaxing than Alba hotel.

**Mike:** I agree with you. However, Alba looks cozier than Conrad. It really has warm atmosphere. Besides, I think Conrad is a bit expensive hotel.

**Angela:** What about the rooms?

**Mike:** Conrad's rooms are larger and nicer than Alba's.

**Angela:** Alba's rooms are looking at the river, so their views can be more beautiful than Conrad's. However, their room service isn't as good as Conrad's.

**Mike:** Alba is only five-story high. Conrad is much higher than Alba. I think a view from a Conrad's room will be great.

**Angela:** Maybe. Both hotels have advantages and disadvantages. I can't decide on one of them.

**Mike:** Let's go to Conrad Hotel. It's bigger and has a great swimming pool. I think the weather will be hotter than now when we get there. This swimming pool will be awesome for us.

**Angela:** Alright, let's go to Conrad then. Also, their rooms look much cleaner than Alba's.
