### ACTIVITY #1 Reading comprehension

#### READING ABOUT THE FAMILY AND ANSWER THE FOLLOWING QUESTIONS

My family has four members: those are I, my sister, and parents of course.

My mother is 47 years old. Her name's Anisa. She's thin-faced and she's got long, blond hair and beautiful green eyes. She is still slim because she always tries to stay in shape. She is very good-looking, always well-dressed and elegant.

My father, Lukman, is 5 years older than my mother. He is 52. In spite of his age he's still black-haired, with several grey hairs. He has bright blue eyes. He is quite tall, but a bit shorter than me. He's very hard-working. Besides that he is working in a travel company. He can even make a dinner when my mother is outside. His cooking and his meals are always very tasty as well as my mothers'.

Finally, my sister Nadina. She is 22. She is also red-haired and green-eyed. She has long wavy hair and freckles. She is definitely shorter than me. She is rather introverted. But she is very sensible, smart and co-operative. Right now she is studying English and also knows Arabic and Mandarin. I want to be so smart as she is.

They all, except me, speak Sundanese very well, because we were living in Bandung for 5 years. My sister have been going to primary school there. Unfortunately I was only 3 when we were leaving to Jakarta, so I can't speak Sundanese. Now we are happily living in.
