**Parkour: You feel as if you are flying!**

**1** Parkour is definitely my favourite outdoor sport. I love using my body to move freely and to jump obstacles in public places with only my body and my skill. I also climb and run. Parkour can be a hobby, an extreme sport, or an art. In Parkour, you use your body to get from one point to another without stopping.

**2** Parkour is excellent exercise because it helps you to keep fit and healthy. It makes you brave and confident, too. Another good thing about Parkour is that it's very cheap. You need to be in good physical condition, and you need a good pair of running shoes. And that's all!

**3** However, Parkour can be dangerous. If you're new to Parkour, you need to know and understand the different basic moves. You also need to train a lot so you don't have accidents.

**4** It can take a long time to become good at Parkour and you can sometimes hurt yourself, but I think it is a perfect way to exercise and discover your body's potential. Try it! You feel as if you are flying.

### **DOLPHINS AND HUMANS**

For many years people believed that the cleverest animals after man were the chimpanzees. Now, however, there is a proof that dolphins may be even cleverer than these big apes.

Although a dolphin lives in the sea it is not a fish. It is a mammal. It is in many ways, therefore, like a human being.

Dolphins have a simple language. They are able to talk to one another. It may be possible for man to learn how to talk to dolphins. But this will not be easy because dolphins cannot hear the kind of sounds man can make. If man wants

to talk to dolphins, therefore, he will have to make a third language which both he and the dolphins can understand.

Dolphins are also very friendly towards man. They often follow ships. There are many stories of dolphins guiding ships through difficult and dangerous waters.
